

How to Register for IP Events

AgIT Operations

FAQ No. S1.1.41

How do I use the IP events web page to register for IP Video events?

To register for any IP event those of you who are supported by AgIT and are on the “onepurdue” domain may use the following to sign up for any IP event. You need to have your web browser opened to start the process.

NOTE: It’s important that you register on the machine/unit you will be participating on, and you must register by 5 pm two business days prior to an event.

Registering for IP Events

1. In the Address field type: <http://1144sms/ipevents/>.
2. Click on the **Event ID** number of the event you want to register for.

3. Click on the **Enroll in this event** button.

FAQ No. S1.1.41

5. From the drop down **Please Select a Unit to Enroll** field select the IP Video unit you will be viewing from.
 - Most County Extension sites will have only one unit to select from
 - When you register for a particular County you will need to be on one of that County's pc
 - Campus sites need to be at the pc with the connected IP Video unit in order to enroll that particular pc for the event
6. Click on the **Enroll** button.
7. Click on the **Return to Event** button to display the details of your enrollment.

NOTE: If you click on **Add to Calendar**, you can automatically save this enrollment to your calendar. Just click on the **Save** button when the **File download** dialog box appears.

Removing your Enrollment

1. In the Address field type: <http://1144sms/ipevents>.
2. Click on the **Event ID** number of the event you are registered for.
3. Click on the **Unenroll** link located to the right of your enrollment line.
