

## **Admin Access for Desktop Workstations**

AgIT Operations

*FAQ No. S1.1.51*

**In order to install software, add hardware drivers, or change system settings, some desktop workstations require administrative access. What are the AgIT rules for administrative access?**

We have two rules regarding administrative access on desktop workstations:

1. Only County Technical Coordinators are Local Administrators for installing software.
2. We only give a user Local Admin when they have an application necessary to perform their job for which they require such access.

### **Contact Information**

If you have any questions or concerns about this topic, please contact the AgIT Help Desk at (888) 226-2438 or (765) 494-8333, or visit our website at <http://agithelp.agriculture.purdue.edu/>.
